

'Tis the Season for Teamwork and Giving

Please join the RBGA on December 12th for a monthly networking opportunity. Come mingle with a mission as we engage in a very interactive teambuilding activity!

People do business with people they know and trust so why not learn more about other members and take the opportunity to build a relationship with others in the business community?

This month, you will also have to opportunity to meet the 2018-2019 CEO class. Please join us!

Please RSVP today so that your business can be represented on every table.

Networking is done before, during, and after the meeting. Bring your company's or organization's handouts, flyers, or marketing materials to set up on our Marketing Table to help get the word out about your place of business/organization.
