

WARM SODA MAGAZINE PRESENTS

RISE

A REGIONAL ARTISTS OF COLOR EXHIBITION

MAY 13-17, 2019

ALTON YWCA

304 E 3RD ST, ALTON IL 62002

CLOSING CEREMONY 6 TO 8 P.M. MAY 17TH

This exhibit's goal is to emphasize, highlight, and recognize the importance of people of color in the art community, and to create a welcoming and stronger art community. These artists are important to not just the art community, but also the entire region. There has never been an exhibition displaying artists of color in Alton before.

A closing ceremony will be held 6 to 8 p.m. May 17th where there will be artist talks, light snacks and St. Louis musician Beverly Valley will play an acoustic set.

To continue the celebration, this exhibition – with a few artist additions and artwork changes – will travel from business to business for the foreseeable future. The next location will be at Old Bakery Beer Company June 16 through June 20.

Please look around and enjoy these pieces from five talented, hardworking artists in the area.

If interested in purchasing art please contact warmsodamagazine@gmail.com and Warm Soda will send the artist(s) contact info your way.

Thank you for your support!
